FROM: DL Haughey

NUMBER OF PAGES TO FOLLOW: 0

ANY PROBLEMS RECEIVING TELECOPY, PLEASE CALL: 303-988-8203

MESSAGE: Aaron: Fax received and forwarded to Barber for. A formal response will be initiated to the differences in approach or:

1. Need for axial sheets.
2. Desire to fix position of segments versus "Free Float".
3. Design temperature (which sets gaps).
4. Additional casing support.

We will provide this info, as well as schedule impact, as soon as possible. I will call early next week.
